

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

You are allowing the media to become monopolized by BIG money which is against the First Amendment that we have Freedom of the Press. How can we get access to facts if there is a "spin" on news by corporations who want to direct consumer thought for their own political and economic ends? You should be ashamed. Maybe we should fire all the FCC people and start over. I hope your holidays are grim and your hearts are guilty.
